M. at Whitehead's train passed through. They all speak in the highest terms of the accommodations fur-I'wo men were badly scalded. The explo- nished them by the proprietors of the Kanawha Falls Hotel and of their efforts to Bangor, Me., July 19.—William Pangburn supply them with the "necessaries of was committed upon a preliminary examina-life," which was no easy task, considerrunners sent out through the mountains ad-NEW YORK, July 19 .- Tais afternoon joining the talls. The passengers state that Thomas Sprote, an engineer, who, on the they spent a very pleasant time, under the th of June, threw his wife out of a third-circumstances, in the enjoyment of the hosstory window, was sentenced to ten years in pitality of the proprietors of the Falls Hotel, as the limited accommodations of the place SPRINGFIELD, Mass., July 19 .- Mrs. Dim- turnished for so large a number of guests. All of the passengers were of course subpaid by the railroad company; but General Wickham declared his mability to give them John Wallace, an inn-keeper, was shot and killed by a young man named John Stuart, the result of a fight. Stuart claims self-de-

THE HOE PERFECTING PRESS .- The New York Tribune says: " An experience of four press warrants us in expressing the deliberate judgment that it is, beyond the possibility of comparison with any other press ghany Springs, in Monigomery county, last now in use in this country or in London, the ear, Mr. George Dooley planted eight best printing press for rapid work yet manhousand tobacco bills (not quite two acres ufactured. Last night, within precisely one of land), the crop from which he sold in R ch- minute after the last stereotype plate was mond a short time since for nine hundred given to the pressman, the perfecting press began moving, and twenty seconds later was cents, exclusive of freight and charges. The producing eight-page papers, beautifully printed on both sides, at the rate of 12,480 and in addition to it he made good crops of copies per hour. Not a break nor an instant's delay of any sort occurred from the first movement of the cylinder until the last copy was printed."

COLONAL GILDERSLEEVE TAKES THE SECOND PRIZE - London, July 19 .- The contest for the Albert prizes was finished this afternoon. Sir Henry Haltord won the first prize, scoring grass of luxuriant growth, which now co- 98 out of a possible 105, and Colonel Gilvers pastures and door-yards where only dersleeve took the second prize with a score

NOT TO PARTICIPATE IN THE ELCHO MATCH. see in it a resemblance to other grasses | London, July 19.-The question of the adof the plains and mountains west of us. mission of the Americans to the competition We hope that its development will be for the Eicho shield has been finally decided studied by some expert in the botany of this in the negative. Colonel Gildersleeve excontinent, for its origin may throw a new and plains that the team left New York with inimportant light upon the origin or migration structions to shoot a team-match only with of the locusts. The seed was evidently the Irish. Moreover, the team is just now brought here and deposited by the swarm crippled by the illness of one of its members that laid eggs in this region last fall. It who is an excellent shot. Colonel Gilderbrought here from Kansas or Colorado only, sleeve, however, is anxious to make a match its identity would surely have been deter- with a texto representing the United Kingmined ere this by old plainsmen who are so dom, to be shot in the United States next numerous hereabout. It has put forth no year.
